Strong Cooling Performance

Even at hot temperatures of up to 68°C, the XtremeEngine™ compressor can still operate effectively, providing optimal cooling to the room without any interruptions. It prevails with 100% full-output to keep you cool at even 50C outdoor temperature.

Energy Saving

5 Gears of Ampere Control offered by Midea Xtreme Series increase the flexibility of current controlling.

Comfort

ThermoStatic Technology

Keeping you steadily cool within $\pm 0.5^{\circ}\text{C}$

Thanks to the precise control of the Inverter Quattro™'s micro-chip, The air conditioner can easily maintain the desired temperature by varying the compressor speed without repeatedly turning on and off, keeping you feel comfortable with steady temperature within 30.5°C .

Other Common Features

Smart

App-based Remote Control

Based on the cloud service under M-Smart Security Protocol, the NetHome Plus app makes your home life easier, smarter and more comfortable with versatile functions just in hand. Discover the NetHome Plus to get your home life connected.

Smart WiFi CONTROL Wherever You Are

Simply download the NetHome Plus app to control your home's air conditioning at anytime and from anywhere for ultimate convenience and peace of mind. Help your kids or grandparents operate the air conditioning, even when you're not at home.

Smart Diagnosis

Run an automatic physical exam of your AC unit to detect any potential malfunctions, and guard against failures.

Smart Sleep Curve

Set the most appropriate temperature curve for you and your family members. There're default modes for selection, or you can customize your own one.
